Certificate of conformity

Adestor High Gloss

Our cast coated face stock, used by Torraspapel, S.A. to manufacture all the Adestor High Gloss qualities, was examined according to the

- Recommendation XXXVI of German BfR Reglamentation “Paper and board for food contact”.
- European Standard UNE-EN 71-3 “Migration of certain elements” (Safety Toys).
- European Standard UNE-EN 1230 “Paper and board intended to come into contact with foodstuffs – Sensory Analysis”.
- European Parliament and Council Directive 2002/95/EC on the Restriction of the use of certain Hazardous Substances (RoHS) in electrical and electronic equipment.
- European Parliament and Council Directive 94/62/EC on packaging and packaging waste.

We herewith would like to confirm that this product is in compliance with all the requirements mentioned above. It may be safely used to come in contact with dry and moist, non fatty-foodstuffs; as well as in toys due to low heavy metals migration.

Furthermore, the product complies with the directive related to packaging and packaging waste and the RoHS in electrical and electronic equipment.
