## Certificate of conformity

### *Adestor PP transparent*

Our transparent polypropylene face stock, used by Torraspapel, S.A. to manufacture all the Adestor PP transparent qualities, was examined according to the

- European Standard UNE-EN 71-3 "Migration of certain elements" (Safety of Toys).
- European Parliament and Council Directive 2002/95/EC on the Restriction of the use of certain Hazardous Substances (RoHS) in electrical and electronic equipment.
- European Parliament and Council Directive 94/62/EC on packaging and packaging waste.

We herewith would like to confirm that this product is in compliance with all the requirements mentioned above. It may be safely used in toys due to low heavy metals migration. Furthermore, the product complies with the directive related to packaging and packaging waste and the RoHS in electrical and electronic equipment.
